## Included as standard

- CATO crew — delivery, level, connect and demobilise
- Interior curation: seating, lighting, styling to brief
- Mains lead-in kit or generator hire (quoted per job)
- Climate control and interior audio pre-set on arrival

## Delivery & setup

- Placement: crane-in for stadium field, tilt-tray for backstage / festival
- Ground: firm level surface required (matting supplied on request)
- Lead time: 5 business days for metro, 7+ for remote / interstate
- On-site attendant available as an add-on for turnaround days

## Notes

Pods are transportable to almost any location across NSW and SEQ, including remote and off-grid sites. Access, ground conditions and power source confirmed at booking; travel beyond metro Sydney or Brisbane quoted per job.
